

Dealers Region 8

Just to let you know about Absolute Commercial Productions Ltd Huddersfield. It's a company I use for all things radio. Generally speaking I get much better advice and value than direct with the local station. They give completely independent info and advice on important things such as listenership and reach for your money etc. They take out the hassle and mystery of radio and can plan, buy, create, produce and deliver all things for your local radio campaign. They have done a fair amount of Kia work so have an understanding of the challenges we have etc. He is a friend of mine and does me a cracking job every time so I hope you my fellow Kia dealers don't object me bringing this to your attention.

I am not on a retainer... honest, but after this I think I should be!

Please contact Alex at Absolute on 01484 532677
